Managing-the-Managers Process

SEI selects the managers of each Fund through a rigorous process that includes an assessment of an organization's stability, investment team structure and experience, and investment process. SEI's approach shrinks a universe of investment managers down to a handful who meet all of SEI's criteria. After a manager is chosen, SEI analysts continuously monitor that manager, through ongoing dialogue, and site visits. Potential reasons for manager changes include investment team turnover, structural changes in the market, and opportunistic reasons, such as the discovery of a higher-quality manager.

Disclosure: *This represents normal weightings for this portfolio. The combination of investments used with respect to any investor will depend upon the investment objectives of that investor and may differ from the illustrated combination. Security overlap is minimal.*

For those Funds which employ the 'manager of managers' structure, SEI Investments Management Corporation (SIMC) has ultimate responsibility for the investment performance of the Fund due to its responsibility to oversee the sub-advisers and recommend their hiring, termination and replacement. Holdings are subject to change.

SIMC is the investment advisor to the SEI Funds. Funds are distributed by SEI Investments Distribution Co. (SIDCO). SIMC and SIDCO are wholly owned subsidiaries of SEI Investments Company. Investing involves risk including loss of principal.

To determine if the Fund(s) is an appropriate investment for you, carefully consider the Fund's investment objectives, risk factors, charges and expenses. This and other information can be found in the Fund's full and summary prospectus, which can be obtained by calling 1-800-DIAL-SEI. Read it carefully before investing.

Please note that PC model allocations and/or investment components are subject to change. Short- and long-term tax impact should be considered. It is your responsibility to ensure that you and your clients are investing in the most recent allocations.

Neither SEI nor its subsidiaries is affiliated with your financial advisor.
